Dear Sir / Madam

**4TH GENERATION TERM CONTRACT FOR MANAGEMENT AND MAINTENANCE OF THE SCOTTISH TRUNK ROAD NETWORK – NORTH WEST UNIT
A82 FORT WILLIAM RESURFACING – UPDATE**

Following our consultation earlier this month, we write to provide an update on the programme of work planned for the A82 through Fort William and north towards Torlundy.

Following successful discussions with our contractor, elements of the programme can now be accelerated.

The breakdown of each phase is detailed below:

- Advanced Phase – Morbaine roundabout to Torlundy – Thursday 1st to Friday 2nd of February 7pm to 7am – Convoy working.

This advanced phase of work will involve planing operations to remove the deteriorated surface course. This will provide motorists with a safer and smoother running surface in the interim, until surfacing operations can be commenced on site.

- Phase 1 – Nevis Bridge roundabout to Inverlochy roundabout – Sunday 18th to Monday 19th February, 9pm to 6am – Full road closure. Vehicles will be stacked and escorted through the works at approximately 1 hourly intervals, however, this is subject to on site operations. Motorists should expect delays.

Due to the geographical location of the site there is no practical diversion route and therefore timings on the night of the closure have been adjusted to minimise disruption as far as possible.

- Phase 2 – Morbaine roundabout to Lochy Bridge roundabout – Monday 19th to Friday 23rd of February 7pm to 7am – Convoy working.
- Phase 3 – Lochy Bridge roundabout to Torlundy – Monday 26th February to Friday 3rd of March 7am to 7pm – Convoy working.

Access for emergency services will be maintained throughout the works at all time.

BEAR Scotland and Transport Scotland wish to thank the local community for their patience whilst this essential work is carried out.

If you require any more information or wish to discuss specific access requirements, or comment on these proposals, please do not hesitate to contact Julie Lee by email NWConsultation@bearsotland.co.uk

Yours faithfully
for BEAR Scotland Limited
